[redacted] PHILIP MORRIS MANAGEMENT CORP.

Law Department Memorandum
Richmond, Virginia

To: Cathy Ellis

Date: 17 November 1989

From: Jim Schardt

Subject: NICOTINE PRECURSORS - PM 1412

Attached are several biotechnology patents to be used by the inventors as examples of the degree of detail Fish & Neave would like for them to emulate in writing up their experimental protocols and results for this application.

To Debbie
I think the sections marked "Examples" are the most pertinent to our current task. Due Monday the 27th to Schardt - but because of holiday we can
